MULTIMIX

FOOD HYGIENE & HOSPITALITY CLEANERS AND SANITISERS

NON RINSE SANITISER

01

Food Grade sanitising solution for disinfecting food preparation surfaces, utensils, food equipment etc. Ideal also for safely sanitising non-food areas such as vehicle and household interiors. Doesn't require rinsing.

ALL PURPOSE CLEANER & SANITISER

02

Food Grade Cleaner and Sanitiser suitable for Food Prep areas including tables, benches, food serveries, fridges, food display units, walls and sinks.

HEAVY DUTY CLEANER DEGREASE

03

Ideal for use on quarry tile floors, tiled walls, kitchen equipment, canopies and for removing heavy soil and grease in hot cooking areas.

FLOOR & HARD SURFACE CLEANER

04

Suitable for use on vinyl floors, terrazzo/ceramic tiles and concrete driveways. Also ideal as a plastic/vinyl wipe, and a food equipment degreaser.

WINDOW CLEANER

05

A streak free window, mirror and glazed surface cleaner. Also brilliant for chrome and polished stainless steel. Contains Anti-Fogging agents.

DISHWASHING LIQUID

06

For unbelievably clean dishes, pots and pans. Helps to eliminate grease and kills germs.

CLEANER SANITISER (LEMON)

07

A highly effective cleaner/sanitiser for washrooms, toilets, urinals, showers, change rooms, rubbish bins, bars, sinks and drains, leaving all washable surfaces hygienically clean, smelling fresh and streak free.

RINSE ADDITIVE

08

A highly concentrated rinse aid and drying agent that is dispensed in the final rinse cycle in commercial and domestic Automatic Dishwashing Machines.

**OVEN & RANGEHOOD
CLEANER****09**

A highly effective and fast acting alkaline cleaner for ovens, grills, BBQ's, deep fryers, rotisseries and range hoods. Rips into grease and fat like no other product.

**AUTOMATIC
DISHWASHING LIQUID
CHLORINATED****10**

Specifically designed for commercial and domestic Automatic Dishwashing Machines. It contains alkalis and chlorine for a clean and sanitised result on all types of dishes and utensils. This product is to be used in conjunction with Rinse Additive.

LAUNDRY LIQUID**11**

A highly effective laundry liquid for both Top and Front Loading machines. This product is low in alkali, low foaming, rinses easily and is ideal for all types of materials. It can be used in cold or hot water.

**HAND CLEANER
FOOD GRADE****12**

A liquid Hand Cleaner designed for the food industry where a non-perfumed product is required so as not to taint food. It is designed to be used frequent throughout the day to maximise hygiene in the workplace and is pH adjusted to prevent skin irritation. Regular hand washing should be adopted by all staff preparing and handling food.

**TOILET BOWL
CLEANER****13**

A concentrated cleaner for the interior and exterior of toilet bowls and seats. Leaves all surfaces totally clean and sanitised with a fresh fragrance. Designed to remove and prevent water staining in bowls and urinals.

**HAND SANITISER
(WATER BASED)****14**

Non-Alcohol Hand Sanitising solution with Tea Tree Oil, lanolin and emollients. Thoroughly massage into palms, fingers and backs of hands. Leave to air dry for 2 minutes.

Also available are:

Paper Products, Microfibre Cleaning Cloths, Sponges, Scourers, Mops, Buckets, Brooms and other cleaning accessories. Contact your local office to also discuss the available range of chemical dispensing equipment.
