## Nano Ceramic Quartz Surface Coating

Hydrophobic Surface Coating that's glossier  
and tougher than ever.

# Corrosion & Scratch Resistant Technology

With a glass-like finish

## **(a)** Enduring Gloss Like No Other

- Deepest glass like finish – locked in for good
- Nano Ceramic Quartz Technology.

## **(b)** Durability, Resilience & Hardness

- Ultimate durability and hydrophobic properties means your vehicle is tougher than ever.
- Carbon Coat creates stain resistant barrier that's super tough & durable - inside and out.
- Tested to 9h\* on Mineral Hardness Scale. Ultimate durability and abrasion resistance.
- Stain, corrosion, acid & alkali resistant. Hydrophobic surface is easy to clean.
- Protects from UV damage & environmental pollutants – guaranteed.

## **(c)** Total Interior Protection

- Enduring protection for leather, vinyl, plastic, fabric and carpets.
- Resists staining from drink and food spillages, dirt, scuffs and prevents UV fading.
- Liquids rolls off the bonded hydrophobic coating.
- Easy clean ups that keep vehicles looking the best and helps to retain value.

Ultimate Gloss, Ultimate Protection.  
Carbon Coat is the ultimate surface coating.

- Available in both interior & exterior applications for complete protection
- 3 year warranty for new cars (under 1000km)\*
- 2 year warranty for pre-owned cars\*
- Protection can also be extended for use on wheels and glass (excl. windscreens)

\*9h result on the Mineral Ordinal Hardness Scale ( MOHS) is 4 to 5 times harder than most paint protections.

\*Terms and conditions apply.
